

QUALITY POLICY

CUSTOMER ORIENTATION

- ❖ Undertake to jobs we know we can do well,
- ❖ To carry out all the works we undertake in order to meet the customer expectations,
- ❖ To raise awareness of all employees about the continuity of the company - the importance of ensuring customer satisfaction,
- ❖ To stand out with our quality in the energy sector we operate,

CONTINUOUS IMPROVEMENT

- ❖ To follow the sectoral developments required by the study and to integrate it into the system on time,
- ❖ To determine the performance criteria of the main activities and to measure them regularly,
- ❖ By evaluating the data obtained;

"For the continuation and development of success "

It is our policy to continue our journey without stopping and to provide all necessary resources on this road.
